SOFT SKILLS

- Adaptability
- Work-Life Balance
- Continuous Learning

PROJECT

Callahead (Driver app) :

Project Functionality

User Authentication:

- Created an app for drivers to log in and get assigned routes.
- Drivers can update the status of their routes (complete, partial, or failed).
- Clients get an email when a driver finishes a route.
- Built an admin panel to track driver activities and manage routes and driver details.
- Admin can see progress on all routes and driver performance.

Inquiry web (Legal Issues) :

Project Functionality

- Built a website where users can submit legal inquiries.
- Solicitors get email notifications when a new inquiry is submitted and can accept or decline it.
- Once a solicitor accepts an inquiry, others can't take it.
- Created an admin panel to add, update, or delete solicitors.
- Admin and solicitors can track how many inquiries they've received and accepted.
